☐ **Favorite this connection**
Favoriting a connection will pin it to the top of your list of connections

➤ Advanced Connection Options

How do I find my connection string in Atlas?

If you have an Atlas cluster, go to the Cluster view. Click the 'Connect' button for the cluster to which you wish to connect.
[See example](#)

How do I format my connection string?

[See example](#)

3.

```
lucas@lucas-Latitude-3410:~$ mongoexport \
-u admin -p 123456 \
--authenticationDatabase admin \
--db clima_alerta \
--collection leituras \
--out ~/backups/leituras.json
2026-05-25T21:08:50.231-0300    connected to: mongodb://localhost/
2026-05-25T21:08:50.233-0300    exported 4 records
lucas@lucas-Latitude-3410:~$ cat ~/backups/leituras.json
{"_id":{"_id":"6a0cf6be60ac06421c649761"},"estacaoId":1,"temperatura":22,"umidade":80}

    estacaoId: 2,
    temperatura: 20,
    umidade: 85
  }
]
```

5.

The image shows a VS Code editor with a file explorer on the left and a code editor on the right. The file explorer shows a project named 'MONGODB' with files: 'node_modules', '.env', '.gitignore', 'app.js', 'package-lock.json', and 'package.json'. The code editor shows the content of 'app.js', which is a JavaScript script for connecting to a MongoDB database using the 'mongoose' library and 'dotenv' for environment variables. The script includes error handling for connection status and errors. Below the code editor is a terminal window showing the output of running 'npm install mongoose dotenv' and 'node app.js'. The terminal output shows that the packages were installed successfully and that the application connected to the database, as indicated by the log message 'Banco conectado'.

```
MONGODB
node_modules
.env
.gitignore
app.js
package-lock.json
package.json

js app.js > ...
1  require('dotenv').config()
2  const mongoose = require('mongoose')
3
4  mongoose.connect(process.env.MONGO_URI)
5
6  mongoose.connection.on("connected", () => {
7    console.log("✅ Banco conectado")
8  })
9
10 mongoose.connection.on("disconnected", () => {
11   console.log("⚠ Banco desconectado")
12 })
13
14 mongoose.connection.on("error", err => {
15   console.error("❌ Erro:", err)
16 })
```

PROBLEMAS SAÍDA CONSOLE DE DEPURAÇÃO TERMINAL PORTAS

```
• lucas@lucas-Latitude-3410:~/Área de trabalho/mongod$ npm install mongoose dotenv
added 18 packages, and audited 20 packages in 17s

2 packages are looking for funding
  run `npm fund` for details

found 0 vulnerabilities
• lucas@lucas-Latitude-3410:~/Área de trabalho/mongod$ node app.js
  injected env (3) from .env // tip: ✖ custom filepath { path: '/custom/path/.env' }
